SKILLS

LANGUAGES

Python 3.12 · TypeScript · JavaScript · PHP
· Bash · PowerShell

BACKEND

FastAPI · Django · SQLAlchemy 2.0 · Celery
· Alembic · REST APIs

FRONTEND

React 18/19 · TypeScript · Vite · Tailwind
CSS · TanStack Query · Recharts

DATABASES

PostgreSQL 16 · pgvector · SQLite · Redis
AI / ML

Ollama · Qwen 2.5 · Whisper · YOLO ·
OpenCV · embeddings · Anthropic API

DEVOPS

Docker · Docker Compose · Nginx · Vercel ·
Render · GitHub Actions

SYSADMIN

Linux (Debian) · Windows Server · Active
Directory · CIS hardening · Raspberry Pi

INTEGRATIONS

Stripe · Telegram Bot API · TMDb · AWS
scripting

EDUCATION

Web Application Development (DAW)

IES Pérez Minik · Completed 2026

Systems & Network Administration (ASIR)

IES Pérez Minik · Completed

CERTIFICATIONS

CISO Certificate

Nayan School · 2025

Corporate IT Security
Training

Summary

Full-Stack Python + AI Engineer with sysadmin background. Build production apps end-to-end: FastAPI backends, React frontends, Docker deployments, local LLM integrations. Recent work includes **SportEvent** (event ticketing platform), **FitDash** (multimodal AI fitness agent) and **WinSvalinn** (Windows security audit desktop app).

Featured Projects

SportEvent

github.com/jv-maroto/sportevent

Sports event management & ticketing platform with payment integration. Final degree project.

FastAPI React 19 PostgreSQL Stripe Docker

FitDash

github.com/jv-maroto/fitdash

Personal fitness dashboard with multimodal local AI agent (text, audio, photos, CSV).

FastAPI Telegram Bot Ollama Qwen 2.5 Whisper PostgreSQL Redis

WinSvalinn

github.com/jv-maroto/WinSvalinn

Security audit & optimization suite for Windows. 100% local, Free + Enterprise editions.

Python Windows internals CIS hardening

CineStream

github.com/jv-maroto/cinestream

Personal media library with AI scene classification (YOLO) and vector embeddings (pgvector).

FastAPI Celery pgvector YOLO OpenCV React TS

Portal-Employes

github.com/jv-maroto/Portal-Employes

Employee portal: payroll, time-off, announcements. Live at portal-employees.onrender.com.

Django React Tailwind

servidor-pi

github.com/jv-maroto/servidor-pi

Home server on Raspberry Pi 5 with full media stack, custom game finder and Windows agent.

Docker Linux PowerShell

PyAWS Practice

github.com/jv-maroto/pyaws-practice

Interview prep tool for AWS Systems Engineer roles. Live at pyaws-practice.vercel.app.

React 19 TypeScript Vite

Experience

Systems Administrator · Sagrera Canarias

Sep 2024 — Present

Tenerife, Spain

- Linux and Windows Server infrastructure management.
- Network management and security auditing across internal systems.
- Database administration and backup automation.
